

5th European

Phycological
Congress

Exploring the phycocosmos:
A European Perspective

Rhodes Island Greece
September 4-9 2011
Rodos Palace Hotel

✓ About the EPCV Exhibition

The EPCV will bring together over 400 professionals and community stakeholders from around the world, providing *THE* meeting place to share ideas and exchange know how on algae research, which is active, productive and innovative.

In addition to the hours when the exhibit hall is open to the public, we have many hours of fantastic networking opportunities for exhibitors built into the congress.
